**Overlap Stair Nose**  
Creates a transition to the edge of the step by overlapping the flooring on the back end instead of being flush.

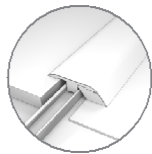

**Quarter Round**  
These pre-finished moldings cover the expansion space between the floor and the wall.

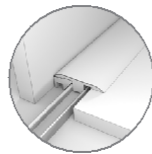

Our exclusive 5-in-1 transition allows you to utilize a single transition for five different applications.

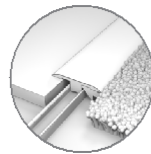

**T-Molding**  
Used to transition between flooring of equal heights and in doorways.

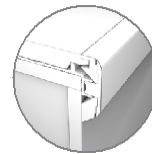

**Hard Surface Reducer**  
Connects two floors of different heights.

**End Molding**  
Used to finish flooring where it meets vertical surfaces such as walls, fireplace hearths and sliding glass doors.

**Carpet Transition**  
Provides a smooth transition between your hard surface floor and carpet.

**Stair Nose\***  
Provides a complete stair solution for both flush mount and overlap application.

\*Stair nose assembly requires additional purchase of the aluminum track (5BASE).
